## **Commissioner for Patents**

The reply filed on 29 August of 2005 is not fully responsive to the prior Office Action because "GPCR" is clearly not a disclosed species of receptor protein "as listed in Figures 1 and 2" of the instant specification, "a eukaryotic cell" is clearly not a disclosed species of cell "as listed in paragraphs 00100", and "an optically detectable molecule" is clearly not a species of detectable molecule as listed in paragraph 00112". "Human A1 adenosine receptor" would be an example of a disclosed species of receptor, "an HEK cell" would be an example of a disclosed species of cell, and "beta-galactosidase" would be an example of a disclosed species of detectable molecule. Since the period for reply set forth in the prior Office action has expired, this application will become abandoned unless applicant corrects the deficiency and obtains an extension of time under 37 CFR 1.136(a).

The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. In no case may an applicant reply outside the SIX (6) MONTH statutory period or obtain an extension for more than FIVE (5) MONTHS beyond the date for reply set forth in an Office action. A fully responsive reply must be timely filed to avoid abandonment of this application.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to John D. Ulm whose telephone number is (571) 272-0880. The examiner can normally be reached on 9:00AM to 5:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Janet Andres can be reached on (571) 272-0867. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
